By choosing Doherty Photography, you can benefit from a unique style of photography that is creative and fun. I believe that your pictures should capture the important details, feeling and emotion of the day to create a story of everything that happens.

Pre-Wedding Consultation

A no obligation meeting to discuss your wedding plans and how I incorporate my photography to get the results you want. An opportunity to view some of my wedding albums/storydisc dvd's etc. Every wedding is very different and I understand that people require some guidance in order to allocate budgets and decide how much to invest in their photography.

Viewing your Pictures

You will have a wide range of pictures to view online from my website approx 2-3 weeks after the wedding. Depending on the style of the wedding, you can expect to choose from approx 400 photographs from the preparations, through to the speeches. I use modern techniques to re-touch (where necessary) and enhance each and every picture. Browse at your leisure through the images as many times as you wish in order to build your bespoke album and timeless keepsake.
